

The Nurse Source, Ltd. was established in 1989 as a professional placement company specializing exclusively in supplemental staffing of medical professionals. Since the first day of operations, the agency has earned its reputation for reliable quality services through each client and nurse relationship.

Today The Nurse Source is proud of our esteemed reputation among our peers and clients as an established and respected professional organization. The list of our satisfied clients includes major trauma centers, teaching hospitals as well as community health providers. Many of these healthcare providers consider The Nurse Source a first choice for supplemental staffing. We focus consistently on matching quality nursing professionals with the needs of our clients.
